

# Wastewater Management

## Sustainable Technology Solutions & Best Practises

Organiser

## Introduction

The Indian water and wastewater treatment market is growing and gaining widespread attention. The World Bank commented that India could comfortably achieve 7.5% gross domestic product (GDP) growth every year, but not 8.0% unless it implements effective water management strategies. Government agencies are implementing regulatory and funding mechanisms to open up the water and wastewater treatment market for private investments. It is an opportune time for market participants to achieve significant growth as the industry shifts toward deriving more project value-based outcomes (total cost of ownership) and utilizing government expenditure efficiently. Robust governmental initiatives, such as the Atal Mission for Rejuvenation and Urban Transformation, National Mission for Clean Ganga, Jal Jeevan Mission, and Community Drinking Water Schemes, contribute to the growth of the Indian water and wastewater treatment market.

India's total utilizable water resource is pegged at 1,123 billion cubic meters (BCM). In 2017, it was reported that approximately 946 BCM were consumed across all sectors, including agriculture (91.0%), industrial (2.0%), and domestic (7.0%).

According to a 2019 NITI Aayog report on Water Management Index, India is facing the worst water crisis in its history. In a conservative scenario, India's water demand would grow to 1,100 BCM by 2025, assuming a population growth rate of 1.2% and an annual GDP growth rate of 7.0%. Compared to the

estimated availability of 1,123 BCM of water, these projections for water demand indicate an overall net marginal positive balance of only 23 BCM of water by 2025. However, given uneven water distribution; the country is likely to face water scarcity. The water balance figure is estimated to be negative by 2027; reaching a negative 277 BCM by 2050. India needs to take adequate measures now to curb potential water scarcity.

This urgency is expected to drive significant growth for the country's water and wastewater treatment market. Considering the importance and relevance of sewage treatment segment, its upcoming opportunities and projects, LikeMinds has planned a one day conference on 3rd June 2022 to showcase the best practices, and emerging technology and equipment solutions.

## About Organisers

As one of India's leading organizers of conferences and exhibitions, a company with creative ethos of the industry, LikeMinds knows just how you can leverage these platforms to create a buzz. No matter what the vertical-Infrastructure, Oil and Gas, Aviation or Retail-we speak the language which you and your users understand, helping you create an event that is rich on ideas and delivers high value.

As a group of young professionals who are diligent and persistent, we provide you with niche and stimulating conference properties that are sure to resonate with your audience.

## Wastewater Management Sustainable Technology Solutions & Best Practises

Inaugural Session	
10:00-10:10	Welcome Address
10:10 -10:30	Theme Address by Ministry
10:30 -10:45	Key note Address Industry Veterans
10:45 -11:00	Keynote Address
11:15- 11:30 Hi Tea and Networking	
11:30: 12:30	<p><u>Session 1</u></p> <ul style="list-style-type: none"> <li>• What have been the recent initiatives taken in the wastewater management by the Government</li> <li>• Update on Namami Gange Mission: Progress and New Opportunities</li> <li>• Upcoming opportunities for Private Developers</li> <li>• Global Best Practices for Waste water management</li> </ul> <p>Q&amp;A</p>
12:30 -13:15	<p>Session 2</p> <ul style="list-style-type: none"> <li>• Decentralized Wastewater Treatment Systems</li> <li>• Advancements in Waste Water treatment systems</li> <li>• Case study on Successful waste water treatment technology in terms of cost efficiency &amp; plant performance.</li> <li>• Issues in technology implementation</li> <li>• O&amp;M Of STP'S</li> <li>• Upgradation of existing STP'S</li> </ul> <p>Grace time –Q&amp;A</p>
13:15 - 14:00	<p>Session 3</p> <ul style="list-style-type: none"> <li>• Recycle and Reuse of Waste Water</li> <li>• Case Study on WASTE WATER RECYCLE</li> <li>• Future scope and potential</li> </ul> <p>Grace time –Q</p>
14:00- 15:00 LUNCH & Net working	
15:00- 16:00	<p>Session 4</p> <ul style="list-style-type: none"> <li>• New Equipment's &amp; Technological advancement for Waste Water Management</li> <li>• Issues and challenges faced by the equipment providers</li> </ul> <p>Grace time –Q &amp;A</p>

## FEE STRUCTURE

No of Delegates	Standard Registration fee	GST
1	INR 15,500 +GST	18%

Note :

- \* Full Payment must be received prior to the summit
- \* Summit Fees cannot be substituted for any other product or service being extended by LIKEMINDS Advisors
- \* Summit fee includes Lunch, tea/coffee and conference material
- \* Payment for "early bird" registrations should come in before the last date of discount.
- \* The conference is a non-residential programme.
- \* 18% GST Tax payable Separately

**Sponsorship Opportunities available**

## PAYMENT MODE

- Cheque / Demand Draft payable at **LIKEMINDS Advisors**
- RTGS/NEFT Transfer

## NEFT / RTGS DETAILS

Beneficiary: LikeMinds Advisors  
Bank Name : Canara Bank  
Account Number: 120000757300  
IFSC/Neft code : CNRB0019036  
Bank address: Barakhamba Road,  
Connaught place New Delhi-110001
